2026 SPRING RECITAL

Performance Tips

Remember to arrive about 10-15 minutes before your performance time to get seated and warm up/tune.

The recital is being professionally recorded, so please be mindful of the camera during the performances. Videos will be available on our Prestige Music Academy YouTube channel 2-3 weeks after the recital.

Performing students should go on stage when they are 3rd in line behind the current performer. This will ensure a smooth flow for the recital.

You can pick up a recital program on the table when you enter the hall. This will have the order of the performers for each show. If you need to leave before the end of the recital, we understand, but would love for everyone to stay and watch all of the performers!

Remember to take pictures with our Prestige Music Academy backdrop and tag us on social media! @prestigemusicacademy

But most importantly - **HAVE FUN!**

SPRING RECITAL

Please save the date of June 6th for the 2026 Summer Recital. Information is coming soon which includes signing up for time slots. The recital will be at the Memorial Hall in Steele Indian School Park.

Memorial Hall, located within Steele Indian School Park, commemorates the service of students from the former Phoenix Indian School who fought in World War I. Dedicated in 1922, the building served as a central feature of the school's campus until its closure in 1990. PMA is excited to return to the Hall for the recital.
